Smith's Floral Gardens  
Rt. 2, Box 192  
Baton Rouge, La.

Gentlemen:

For many years the Library and the Agricultural Research Service of the United States Department of Agriculture have co-operated in building and maintaining a collection of the catalogs and other trade lists issued by nurserymen and seedsmen. Every catalog or list received is recorded and becomes a permanent part of the Library. The collection now numbers almost 91,000 items.

As a student's and research worker's collection, it is invaluable in investigations concerning the history, nomenclature, characteristics and distribution of varieties. It is also in constant use in answering inquiries as to where plant material may be obtained and regarding varieties being introduced to the trade. The collection as a whole is available to the public for reference use, and the information in it is made readily accessible by means of indexes.

In order that this collection may be kept up to date and as complete as possible, we wish to obtain all trade catalogs and lists of fruits, vegetables, and ornamentals as issued. Will you kindly send us your catalog, price lists or other similar material of the current year? It will also be appreciated if you will place our address, Bibliography Division, Library, U. S. Department of Agriculture, Washington 25, D. C., on your permanent mailing list to receive your annual catalog and other publications as issued.

We enclose an addressed label for your use in sending your publications.

Very truly yours,

June 10 (957)

Foster E. Mohrhardt

Foster E. Mohrhardt  
Director

Dear Sirs  
In reply to above  
will say due to my illness for over a year I was  
unable to tend to my nursery. So did not issue  
any price list. However I did have a bulb list and  
never sent out because I could not fill orders.  
I will enclose one for you. It is the only one I  
had printed. Thanking you for your interest.  
Sincerely Smith's Floral Gardens Mrs. C. H. Smith, Baton Rouge, La.
